

# buttons

A push button causes an application to perform an action when the user taps on it.

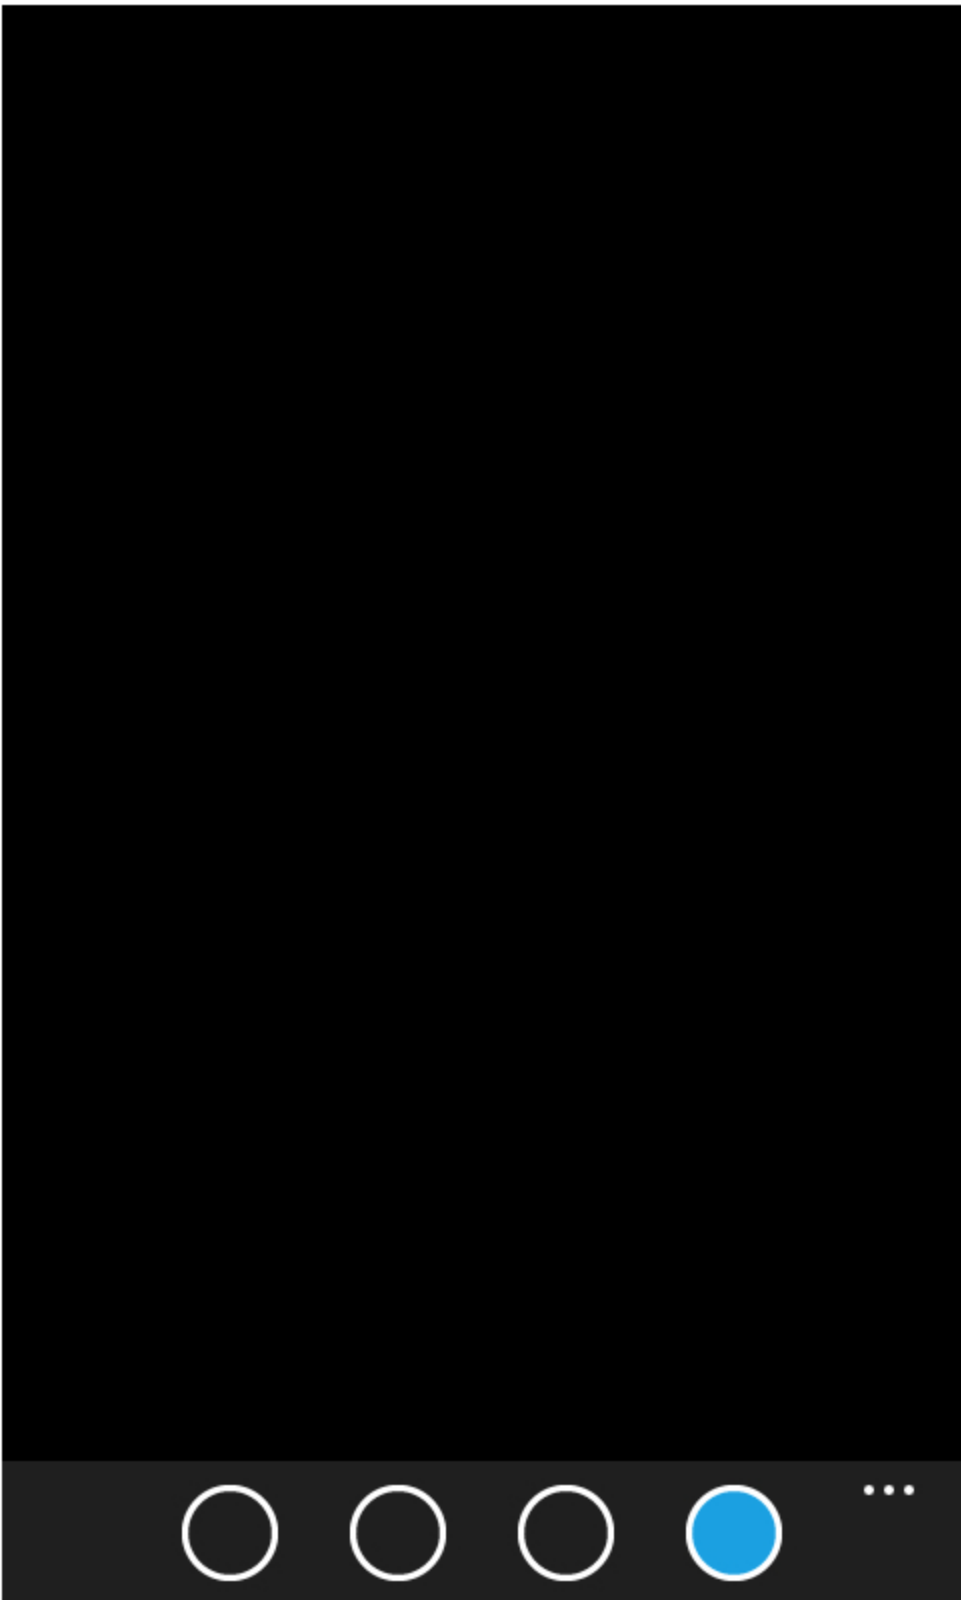

- Button styles:**
- Standalone Push Buttons
  - Toggle Buttons
  - Application Bar Icon Buttons
  - Dialog Buttons
  - Command Buttons

**STANDALONE PUSH BUTTONS**  
There is a minimum width for finger accessibility

**TOGGLE BUTTONS**  
Optional image states, labels and sticky behavior

**APPLICATION BAR ICON BUTTONS**  
Must be clear, simple and familiar

**DIALOG BUTTONS**  
1-2 fixed size buttons with primary action on left
